

include/engine/crosshair.h

```
graph TD; A[include/engine/crosshair.h] --> B[libdragon.h]; A --> C[engine/types.h];
```

The diagram illustrates a header file dependency. At the top, a gray box contains the text 'include/engine/crosshair.h'. Two blue arrows originate from the bottom of this box and point downwards to two separate white boxes. The left box contains 'libdragon.h' and the right box contains 'engine/types.h'. Both boxes have black borders.

libdragon.h

engine/types.h
