

include/engine/node.h

```
graph TD; A[include/engine/node.h] --> B[engine/types.h]; A --> C[engine/config.h];
```

The diagram illustrates a header file dependency structure. At the top, a gray rectangular box contains the text 'include/engine/node.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box containing 'engine/types.h'. The right arrow points to another white rectangular box containing 'engine/config.h'. All boxes have a thin black border.

engine/types.h
